

趁我們還有青春 趁青春還有我們
Seize our moments when we're still young.

Chinese Song Lyrics Writing

1st Semester 2018-2019

Course Instructor: Dr Chow Yiu Fai

This course introduces students to the world of Cantopop, the beauty of Chinese lyric, and the creative as well as technical dimensions of lyric writing. Students will apply the theories and knowledge in lyric writing to create a final work of Chinese song lyric that speaks for a cause.

Every Life Is a Song

As a cross-over project with social enterprise Every Life Is A Song, this course will champion the mission - everyone of us deserves a song dedicated to everyone of us. Students will be guided to enter various underrepresented communities and be informed and inspired. After conducting interviews, students will work with composers to turn the life stories collected into original songs. The finale is a concert to present the creative work of students to the communities and to their fellow students.
