Reliable 50 or 100-sheet Staple finisher has an output capacity of 3200/3300 sheets and offers a platform for multi-position stapling, hole punching, booklet folding and letter folding.

Match your most stringent document demands

The Océ VarioLink 4522c/ 5522c/6522c is designed to meet the most demanding needs in your office. With a print speed of up to 45/55/65 ppm in Black and White and 45/45/50 ppm in colour, simplex or duplex. Scanning will not slow you down either: the system processes up to 78 originals per minute. The powerful Emperon™ or optional Fiery® controller, keeps everything running fast. Smart user boxes (up to 1000) help you manage your entire workflow. Your employees spend less time waiting for business-critical documents.

Protect your sensitive information

Get information to the people who need it without worrying about confidentiality. It's easy with the Océ VarioLink 4522c/ 5522c/6522c. The system allows for password-protected printing, so documents don't sit around in a bin where anyone can see them. Other printer security measures include hard disk data encryption, a hard disk overwrite function and confidential copying with a watermark or overlay. Add Océ PRISMAenterprise and gain an authentication manager for advanced security.

Add professional flair to your documents

A large colour operator panel guides through your tasks; programmable shortcut keys automate common user tasks. Colour improves document readability, comprehension and impact. With the Océ VarioLink 4522c/ 5522c/6522c, every document can benefit from this colour boost. Add additional flair with fast inline finishing-folding, stapling, booklet making. Input options further enhance the finished documents; the system allows for A3+ processing, as well as stock of up to 300 gsm from the Bypass tray.

Keep firm control of your document fleet

Océ PRISMA software helps you make the most of your Océ VarioLink 4522c/ 5522c/6522c and every other, Océ and non-Océ, printer in your fleet. Océ PRISMAstart monitors all devices in your office. This smart software even sends an email alert to the administrator when there's a problem. Océ PRISMAenterprise offers advanced management and print tools to control your document fleet.

High-end colour printer / copier / scanner / fax

Respond to a wide variety of office needs

No matter what you want to do with documents, the Océ VarioLink 4522c/5522c/6522c delivers: print, copy, fax and scan. Printing from or scanning to USB, scan-to-email provide you even more flexibility. The system also lets you choose what you need now with room to grow. With three different speed models, optional finishing units, an optional Fiery controller and optional A4/A3+ Large capacity tray. So you can match the system to your needs rather than pay for functionality before you require it.

Care for the environment and save money

You can with the Océ VarioLink 4522c/5522c/6522c. The system meets Blue Angel, EPA Energy Star® and RoHS standards. The new fusing system also reduces energy consumption and minimises warm-up time, good news for the environment and your pocketbook. You will also spend less on toner thanks to toner-save mode. The exterior panels are from recycled plastics. Further, the Océ VarioLink 4522c/5522c/6522c has the ability to handle recycled paper and features low sound and ozone emissions. So you can feel good about purchasing it and using it.

Beyond the Ordinary

Printing for Professionals

Océ helps the people who make our world. Companies everywhere use Océ technical documentation systems in manufacturing, architecture, engineering and construction. High speed Océ printing systems produce millions of transaction documents each week, such as bank statements and utility bills. And in offices around the world, people use Océ professional document systems to keep the wheels of business and government turning. Océ is also at work in publishing on demand, newspaper production and wide format colour for spectacular display graphics.
