# Risk Assessment Tool

- ❖ With effect from 1 Mar 2017, Risk Assessment Tool introduced in member website

The image shows a screenshot of the Bank Consortium Trust member website. On the left, a sidebar menu titled 'PLEASE SELECT SERVICES' lists various options: Account Enquiry, Information Update, Account Balance, Investment Switching, Contribution Summary, Information on Record & Update, Transaction History, Basis of Contribution & Vesting Scale, Fund Price, Download Corner, and Risk Assessment Tool. The 'Risk Assessment Tool' option is highlighted with a red rectangle. Below the menu, it states 'Trustee & Administrator: Bank Consortium Trust Company Limited'.

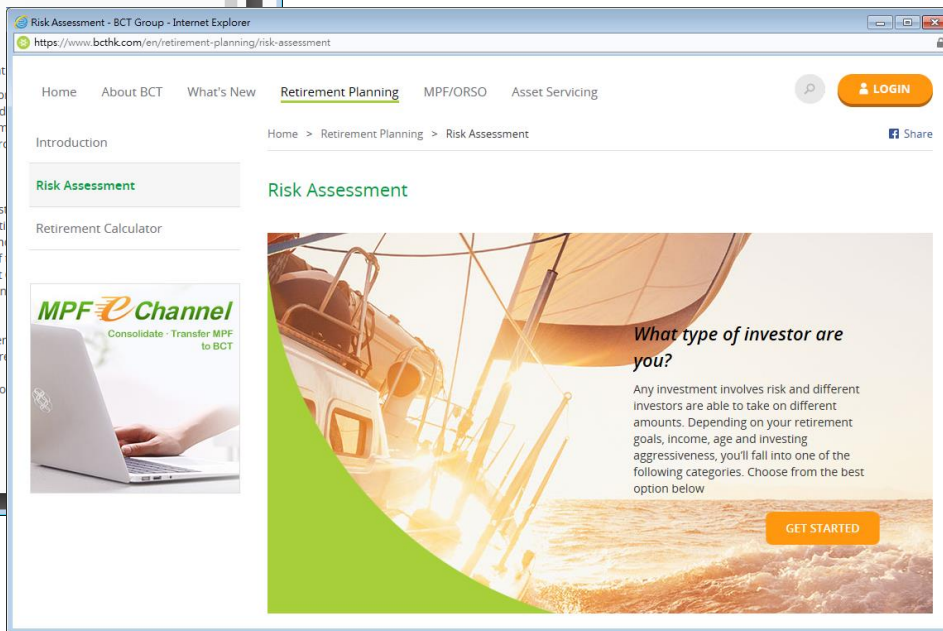

On the right, a pop-up window titled 'Risk Assessment Tool - Introduction' displays a 'Disclaimer Statement'. The statement includes the following points:

1. This risk assessment tool is developed and provided by Bank Consortium Trust Company Limited (BCT). The tool is designed to help you assess your own risk tolerance level in order to help you determine your investment needs. The resulting score of this tool is intended to provide you with an indication of the overall risk tolerance for a typical investor with a similar score. It may not reflect your current perception of your actual risk tolerance. In particular, the market conditions, your recent circumstances and other factors may affect the assessment of your actual risk tolerance. You should make your investment decisions based on your own needs, investment objectives and other circumstances as may be appropriate and take all relevant information into consideration. Hong Kong Baptist University (the University) and BCT do not guarantee or accept any liability as to the accuracy and relevancy of the assessment.
2. The results generated by this tool have used certain assumptions and are for general reference only. The contents of this tool do not constitute any advice, recommendation, offer, solicitation or invitation for investments and are not intended to be a substitute for professional advice. The effect of certain factors, which could have an impact on your individual circumstances, may not have been taken into account. Please consult your own independent legal, tax or financial advisor, if deemed necessary, before making any investment decisions. The University and BCT do not warrant the adequacy, accuracy, reliability, relevancy, timeliness or completeness of the information and results obtained from the assessment tool and shall not be liable for the consequence of your decisions or actions (if any). The University does not assume or undertake any duty to advise any person or investor, and accepts no liability whatsoever for any direct, indirect or consequential loss arising from or in connection with any use or reliance of this tool or anything contained in it.
3. The data you will input into this assessment tool will be used solely for calculation of the resulting scores, and will not be kept or provided to any third parties for other purposes.
4. This website is intended for the use of Hong Kong residents only. Non-Hong Kong residents are responsible for ascertaining whether there are any laws and regulations in the relevant jurisdiction(s) applicable to their access to or use of the information contained in this tool and shall comply with any such laws and regulations.
5. Investment involves risks. Past performance is not indicative of future performance. You should refer to the relevant offering documentation (including the prospectus, if any) for details, including the risk factors, prior to making any investment decisions. If you have any query on the information contained in the assessment tool or in this disclaimer or any product offering documentation, you are advised to obtain independent professional advice.
6. Third party websites to which this hyperlink may direct are independent from the University. The University has no control over the contents of such websites or their compliance with the law. 香港浸會大學  
HONG KONG BAPTIST UNIVERSITY

-- Quick Menu --

### Notes on Fund Switching

Please read the following Notes before you proceed to Fund Switching (i.e. Change of Investment Options for Accumulated Account Balances Only):

1. The performance of the underlying Fund's investments may involve substantial market, currency, credit/counterparty, regulatory and political risks.
2. In particular, the securities that the Fund invests in are typically unsecured debt obligations not supported by any collateral. The Fund may also invest in below investment grade or non-rated securities. These securities may carry higher credit risk than those rated as investment grade.
3. For securities invested in a single country, the underlying investment may be subject to higher concentration and liquidity risks.
4. The value of a Fund can be volatile and could go down substantially within a short period of time. It is possible that an amount of your principal investment could be lost.
5. You should consider your own risk tolerance level and financial circumstances before making any investment choices. When, in selection of your fund choice, you are in doubt whether the Fund is suitable for you, you should seek financial and/or professional advices.
6. Your fund switching instruction(s) will apply to the existing account balances only and WILL NOT APPLY to the future contributions. The existing account balance may include the amount(s) in relation to the transactions that has / have been processed but has / have not yet been reflected in the web.
7. You may submit your fund switching instruction before the cut-off time (i.e. 3:00 pm) on every Wednesday. If Wednesday falls on a non-business day, the cut-off time will become 3:00 pm of the next business day, e.g. the following Thursday if it is a business day. Your instruction will be processed by us as soon as possible. The dealing day for redemption of units (switch-out) will normally be the 2nd business day after your successful submission of the switching instruction. The dealing day of the resulting subscription of units (switch-in) will vary contingent upon different funds. Normally, switchings between different fund managers and involving foreign currencies will need longer processing time.
8. Your instruction will apply to your entire account balances (including Employer Balance and Member Balance of Minimum and Top-up Contributions).
9. Instructions received by BCT may not be executable due to various circumstances (including but not limited to the previous switching transaction(s) which is / are not completed) beyond BCT's reasonable control. In such circumstances, your new instruction(s) may be postponed or void and BCT will notify you accordingly.
10. You may switch-out from any one fund or more funds. However, the percent to be switched out from a fund must be an integer and multiples of 5%. The total percent of switch-in funds per request must equal to 100%.
11. You may cancel a fund switching request when it is still in the status of "pending for execution" (i.e. before the cut-off time) by clicking into that fund and proceed as instructed. However, you cannot cancel a fund switching request when its status is "pending for settlement" (i.e. on or after the cut-off time).

### Notes on Change of Investment Mandate (for Future Contributions)

Please read the following Notes before you proceed to Change of Investment Mandate (i.e. Change of Investment Options for Future Contributions only):

1. The performance of the underlying Fund's investments may involve substantial market, currency, credit/counterparty, regulatory and political risks.
2. In particular, the securities that the Fund invests in are typically unsecured debt obligations not supported by any collateral. The Fund may also invest in below investment grade or non-rated securities. These securities may carry higher credit risk than those rated as investment grade.
3. For securities invested in a single country, the underlying investment may be subject to higher concentration and liquidity risks.
4. The value of a Fund can be volatile and could go down substantially within a short period of time. It is possible that an amount of your principal investment could be lost.
5. You should consider your own risk tolerance level and financial circumstances before making any investment choices. When, in selection of your fund choice, you are in doubt whether the Fund is suitable for you, you should seek financial and/or professional advices.
6. Your instruction will only apply to all future contributions (including Employer's and Employee's Minimum and Top-up Contributions) and WILL NOT APPLY to your accumulated account balances.
7. You may submit instructions for Change of Investment Mandate (applicable for future contributions only) before the cut-off time (3:00 pm) on every Wednesday. If Wednesday falls on a non-business day, the cut-off time will become 3:00 pm of the next business day, e.g. the following Thursday if it is a business day. Your instruction will be processed by us as soon as possible. The effective date will normally be the 2nd business day after your successful submission of the Change of Investment Mandate Instruction. Contribution processed on or after the effective date will be invested in accordance with the instruction.
8. There are no "pending for execution" or "pending for settlement" status for Change of Investment Mandate Requests. If you submit multiple requests for "Change of Investment Mandate", only the last request received by BCT before cut-off time (3:00 pm on every Wednesday) will be executed.
9. Successfully submitted instruction will supersede all previous instruction(s) given in respect of change of investment mandate for future contributions and will be in effect until you cease to be a Member of the Scheme or until you make another change of investment mandate instruction.
10. The percent allocated to each fund must be an integer and multiples of 5%. The total percent allocated to the fund(s) must equal to 100%.

# Fund Switching / Change of Investment Mandate

## ❖ Important Notes

- For Fund Switching (Account Balance), after each submission before the cut-off time, member may view and/or cancel the “Pending for Execution” instruction.
- After the cut-off time, submitted instruction will become “Pending for Settlement”, i.e. switching instruction is being processed. Member can no longer cancel the instruction.
- Switching involves different portfolios or more than one fund manager will take more and different business days to complete.
- All switching instruction will likely involve a liquidation of existing investments and a purchase of new investment assets. These two actions may not be taken place on the same day and the lapse between them would represent a out-of-market risk to member.
- A submitted Change of Investment Mandate instruction cannot be cancelled but can submit a new instruction to supersede the previous one before the cut-off time.
